### Voter Registration and Get out the Vote

SCOPE50 is launching its voter registration and get-out-the-vote effort, primarily in the South. We conducted our first voter registration event in South Carolina this past Saturday. We will be conducting three weeks of meet-and-greet events with candidates, also in South Carolina. We are hoping to duplicate these activities in the new congressional district in Alabama, and also in Florida. We want to put boots on the ground in these states and hopefully in some other states as well.

In an earlier newsletter we shared some of the flyers that we have been using. We also have yard signs and metallic signs that can be placed on the side of a vehicle.
